UNCROWDED SHORE

When the bitter wind of March sweeps in from the open sea off the coast of Falmouth, on Cape Cod, you had better dress like an eskimo to enjoy the stroll along the deserted beach. As you can see from the photo below, one walker and dog are the only sign of life. Even the cottages along this stretch are in waiting for the warming winds of the season ahead to be brought to life by absent owners. Still, there is much to recommend off season.. The winter surf has a stern beauty of its own with a color and motion unique to the darker, stronger skies associated with cold.

Meeting with Fire Dept. Postponed

MARCH 27, 1990 - by VIRGINIA MORGAN

There was no Selectmen's meeting last Tuesday, March 27th, as two of the board members were unable to attend. Selectman William F. Hubbard, Sr. was hospitalized by surgery and Chairman Bernard F. Talty was out of town on business. Selectman John N. DeCosta was the only member able to attend and, with no quorum, no business could be conducted.

Fire Chief Donald Wood and members of the Fire Department, who made a presentation to the Selectmen on February 20th, March 6th, and March 20th to build an addition to the fire station with donated labor, have rescheduled a meeting for April 10th with the Board of Selectmen. At the March 20 meeting, Mr. John Folino offered to furnish the town with free plans for an addition to the present fire station on Route 6.

At the February 20 meeting, Selectmen recommended the Fire Department seek town approval to build a new fire station on town owned land adjacent to the new police station. At the March 6 meeting Selectman Hubbard presented "tentative" plans for a fire station similar to one designed by Brown and Lindquist, architects for the new police station.

Selectmen now indicate they are open to discussion on the Fire Chief's proposal and will consider it further at the April 10 meeting.

From the Board of Health

TOWN OF MATTAPOISETT

At its regular meeting on March 27, 1990, the Board of Health voted to deny the request for a variance from the regulation concerning dewatered perc tests from the Point Connettt Limited Partnership.

The Board felt that the Partnership did not show that enforcement would do manifest injustice.

FISH Needs Your Help

Would you be willing to receive telephone calls in your home one day a month or drive a neighbor to a medical appointment occasionally? Neighbors helping neighbors; this has been the purpose of FISH since its beginning in 1971. During the past year FISH volunteers have responded to 264 requests for help, an average of 22 calls per month, primarily for transportation for medical appointments. More volunteers are needed. The appreciation of the individuals who usually have no other way to keep their appointments is more than ample reward for the time spent.

A meeting of FISH volunteers will be held at Village Court at 2 p.m. on Tuesday, April 24th. Anyone interested in the program is invited. In the meantime, to volunteer or for more information, call Norma Holt, 758-4986, or Barbara Crowe, 758-3348.

Alewives Anonymous, Inc.

$6000 OFFER TO LEASE HERRING RIGHTS

The Board of Directors of Alewives Anonymous, Inc. voted to offer the Town of Wareham $6,000.00 to lease the herring rights for the seasons 1990-1996. This would give us 2 complete spawning cycles to try to improve the herring population of the Agawam River. We would also like to monitor the stream with an electronic fish counter. At present, we are waiting word from the Wareham Selectmen regarding their decision. Herring play a very important role in the food chain of the marine environment.

roles of men and women in today's society, new options are out there - most of which pay far better that traditional "women's work". In fact, many people feel that non-traditional employment may be the best way for women to achieve pay equity.

Our guest speaker, Irene Duprey-Gutierrez, Ed.D. will discuss the options and point out the many opportunities that are available. She comes to us from Old Colony Regional Vocational-Technical High School were she is the non-traditional co-ordinator.

The Educational Forum will be held on Thursday, April 12th, at 10:00 a.m. at the Rochester Town Hall. We invite all interested seniors and non-seniors to attend this very informative video presentation. Refreshments will be served.

Congregational Church

MATTAPOISETT

Can failure be a success? That seems like a foolish question, since we worship success in our culture.

The story of Christ's exiting is one where euphoria changes to uncertainty and adversity. Our fortunes, our relationships with those around us can also change; our triumphs can become tragedies. It may not be what happens to us, but what we do with those events that determines success or failure. Was there more to the life of Christ

INTO FAMILY EYE CARE

What is the difference between a bifocal with a line and one without a line?

The conventional bifocal which most people are used to seeing has a line. The purpose of the bifocal is to correct a person's vision when focusing on distant objects and objects that are close. Each of these corrections requires a different type of lens. One would be thicker and shaped differently from the other. The line is created when these two different sizes and shapes are placed next to one another

Recent advances in lens technology has created what is called the progressive power lens which has no line. What is wonderful about these lenses is that they give the patient a better range of vision from near to far in one lens, without lines.

Council since 1986 and chairman since 1987. She will be giving up her reins as chairman in April to Mrs. Pursley. The council is comprised of 11 members who are appointed by the Board of Selectmen.

On behalf of the Board of Selectmen, Selectman John N. DeCosta attended and presented Eleanor with a Certificate of Appreciation "for the exceptional service she has performed for the Council on Aging on behalf of the residents of Mattapoisett". Neither Chairman of Selectmen Bernard F. Talty nor Selectman William F. Hubbard were able to attend but sent their best wishes to Eleanor. Selectmen's administrator Lois K. Ennis attended and expressed her thanks to Eleanor for her cooperation.

Selectman DeCosta complimented the Council members under the able leadership of Eleanor for the dedicated work they do for seniors in Mattapoisett.

Eleanor said, "A 1988 study showed Mattapoisett has an elderly permanent population in excess of 25 percent, and this percentage is increasing yearly." The focus of the Council on Aging is to enhance the lives of the elderly. Among the services offered are the FISH volunteer driver; regional nutrition program; food commodity distribution; reassurance program done in cooperation with the police department; outreach program with Friendly Visitors; pleasure trips in the senior van; and fuel assistance and tax assistance.

Others attending were Council Director Rosalie Joaquin and Council members George Avila, Helen Richmond, Natalie Fleming and Virginia Morgan. Also attending was Mrs.

"TALENTS UNLIMITED"

The Mattapoisett Parent-Teachers' Club is proud to present feature speaker Janis Baron this Thursday, April 5th, at Old Hammondtown School at 7:30 p.m. The PTC business meeting begins at 6:30, and everyone is invited to attend both.

Ms. Baron will give a presentation geared to parents on "Talents Unlimited", a nationally recognized thinking skills program designed to help teachers recognize and nurture the multiple talents of children. Teachers at both Center and Old Hammondtown Schools have received training in this program during curriculum days this year.

Ms. Baron will share information about this program and describe ways in which parents can extend the Talents Unlimited skills into their homes. All parents who attend will receive a booklet of these exercises and ideas to take home with them. We hope you will set aside the evening of April 5th and join us for a very informative and timely presentation. For further information please call Pat Muldoon at 758-3449.

The students are to be commended for the quality of their projects and did a wonderful job explaining their projects and demonstrating various scientific experiments. Parents are to be commended for assisting their children with their projects, and allowing them to think, explore and discover. All in attendance were impressed with the quality and range of projects, as well as the depth of knowledge on the part of students.

Several live programs were run during the morning, which enhanced the day. Lew Stevens, a naturalist, shared with us information on reptiles and amphibians, and even introduced us to some of his "cold blooded" friends. Jean Ingraham, from Science Circus, presented two programs, the first entitled "Dino-Mites" and the second entitled "Science Magic". Both of her programs involved a great deal of audience participation and were very informative. Students helped assemble a triceratops

skeleton, saw a model of the world's biggest bone, and learned many fascinating facts about dinosaurs. Her "Science Magic" show included a potpourri of chemistry and physics demonstrations that looked like magic. Each demonstration's scientific principle was shared with the group.

Also, the Lloyd Center for Environmental Studies set up a salt water tide pool in one of the kindergarten rooms. Students had the opportunity to explore this hands-on exhibit and learn all about the many creatures who make their homes in our local tide pools.

Later that afternoon, fifty third graders participated in a Rocket Camp from 1:30 to 5:00 p.m., under the direction of Dave Heshion. The students learned all about rockets and how they fly. Each student then built and later launched his/her own rocket outside. Prizes were given to the students whose rockets landed closest to the

"Science Day" was a tremendous success, and we are indebted to the Mattapoisett PTC for providing us with the necessary funding to bring the live programs to our school. We appreciate their continued support and financial commitment to enhance our educational efforts.

You can rest assured that, based on the success of this year's program, Science Day will become an annual event at Center School. The young Einsteins of Center School thank you for joining us on "Science Day" and making our day the successful family and community event that it was.

Coming: Juggling Suspenders

APPEARING APRIL 18th

The Mattapoisett Parent-Teachers' Club will sponsor wonderful family entertainment this coming school vacation for all of those who "have nothing to do"! Appearing April 18th at Old Hammondtown School, Shaw Street in Mattapoisett, "The Suspenders" will give two shows at 11:00 and 1:00, lasting just under an hour. Children must be accompanied by an adult.

What "Suspenders" are we talking about? Why, the Juggling Suspenders of course, that troupe of coordinated clowns who pass everything from apples to torches, ride unicycles, act (they have several skits) and use audience participants to charm their way into the hearts of young and old alike.

Please join us for a fun-filled hour of family entertainment during your vacation week. Tickets can be obtained through Center and Old Hammondtown Schools, the Mattapoisett Pharmacy on Route 6, and the

Coast Guard Seaman Honored

BUILDING DEDICATION

U.S. Coast Guard Training Center Petaluma, CA dedicated a new classroom building March 23rd.

The 92,000 square foot Bauer Building was dedicated in honor of Seaman Dennis R. Bauer who died December 2, 1965 while rescuing a drowning man who fell in the icy waters of the Detroit River at the Coast Guard Base in Detroit.

Guest speaker was Rear Adm. Ronald M. Polant, Chief, Office of Command, Control and Communications, at Coast Guard Headquarters, Washington, D.C.

The $12 million building, designed by Roland Miller, Assoc. of Santa Rosa, CA, and contracted by Wright Contracting Inc. of Santa Rose, CA, was completed in Spring 1989. This building will be used to train the Coast Guard's Electronic and Telephone Technicians in the repair and maintenance of various Coast Guard electronics systems and equipment.

When running at full capacity, the Bauer Building will support a staff of 60 instructors who will teach 22 courses to an estimated 1,600 students annually. The building has more than 30 classrooms and laboratories to provide students with hands-on training using equipment representative of that installed throughout the Coast Guard.

Seaman Dennis R. Bauer was posthumously

Superintendent's Award

FOR ACADEMIC EXCELLENCE

Each year superintendents throughout the Commonwealth present an award for academic excellence to a graduating senior. On Tuesday, March 27th, Joan Walsh presented the Massachusetts Superintendent's Award for Academic Excellence to Timothy J. Titcomb. A senior at Old Rochester Regional High School, Timothy is the son of Mr. and Mrs. William Titcomb of Marion.

Titcomb ranks first in his class and is treasurer of the National Honor Society. He has received awards for academic excellence in every area of study and received a National Merit Letter of Commendation. This year he placed in the top 4% of the Massachusetts state Mathematics Olympiad Examination and has been a four-year member of the championship Math Team. In addition to his academic achievements, Timothy plays in the Marching, Jazz and Concert Bands. In Grades 11 and 12 he held the position of Lead Trumpet. He has received his varsity letter in soccer and tennis and served as captain for both sports. He has been a League All-Star in both and a Standard-Times All-Star in tennis. Last year he was a semi-finalist in South Sectional Doubles Competition.

Christopher J. Seaberg, who is attending Bridgton Academy as a postgraduate student, was named to the Honors List for the third marking period, it was recently announced by Headmaster Robert E. Walker. Christopher is the son of Mr. and Mrs. John Seaberg of Mattapoisett.

Rochester Brownie Troop

The Rochester Brownie Troop #64 was visited by Jeff Morse, a Lieutenant in the Rochester Fire Department, on January 25th. He came to talk to the girls about Fire Prevention and he definitely accomplished his goals.

He began by sharing a video on Fire Prevention which everyone enjoyed. He demonstrated the STOP, DROP and ROLL Technique and all of the girls practiced the routine with him. Jeff also told the girls that being a firefighter is a career that is being sought by women, as well as men,

Brownies Lindsey Moore, Patricia Whitney and Lindsay Donaghy.

and they all seemed to be pleased about that. However, one very important safety precaution Jeff explained was that of a planned fire escape route from their homes in the event of a fire. He asked that each girl go home and share the importance of the planned escape route with their parents.

All of the girls were given a TOT FINDER STICKER and thanked the Lieutenant for coming to Troop #64.

Jeff Morse does outreach presentations to various local groups involving children, since they must become more aware of fire prevention. Jeff is truly dedicated to this cause.

Jeff hopes that the important message he delivers to children gets passed along to their parents so families can work together to prevent fires and possible fire injuries.

Jeff Morse and Scott Weigel, another Lieutenant in the Rochester Fire Department, would like to extend the invitation to all adult civic and local organizations in Rochester as well. Adults who are interested in learning about the importance of fire prevention and various techniques can contact Jeff or Scott at the R.F.D. Together with your children you can work towards a safer future.

Jeff and Scott look forward to hearing from you.

BUILDING TRUST THROUGH COMMITMENT

Earning the public's trust in serving its heating needs doesn't come easily. It requires a commitment to service through a team effort, beginning with a dedicated customer service staff ready to respond to your questions and needs. It demands well trained maintenance and installation technicians with the know-how to keep your equipment running safely and efficiently. Finally trust is earned through a delivery crew providing on time deliveries. GlenPark Oil Company, serving this community's heating needs for over 168 years, and earning its trust for delivering both quality service and home heating oil.

MATTAPOISETT CENTER SCHOOL
CAMPBELL'S SOUP LABEL DRIVE

Center School's annual "Campbell's Soup Label Drive" came to a highly successful conclusion on March 9th, as we were able to meet our goal of 24,000 labels. Our final tally showed we had collected 19,000 labels and earned 4,400 bonus labels, to reach our goal of 24,000 labels.

The labels will be used to purchase the following educational materials and equipment from Campbell's Soup: 40 Texas Instrument student calculators, to assist in the teaching of the use of calculators as part of our math curriculum (includes 2 teachers' guides, transparency masters/activity sheets, and a 2 by 3 foot calculator poster); a Bushnell Environmental Scientist Kit (which will enable students to analyze air, drinking water, rain and surface chemical pollutants), and a computer software program entitled "Designasaurus" (to increase student's interest in science and supplement the study of dinosaurs).

We would like to recognize the great deal of time and effort devoted to this program by our volunteer coordinator, Mrs. Terri Canty. Mrs. Canty, who has been coordinating this drive for a number of years now, was responsible for setting up collection receptacles throughout the town, collecting

labels from the receptacles, and counting and bundling all of the labels (over 19,000 of them). We sincerely appreciate her time and commitment to this program, and extend to her our heartfelt thanks for a job well done.

The staff and I would also like to extend to each and every parent and member of the community our sincere thanks for your donations of labels. Without your assistance and support, our drive would not have been the great success that it was. Each and every one of you who contributed to this drive can feel a mutual sense of pride and accomplishment by knowing that you have provided us with the opportunity to obtain needed educational materials. We have decided to leave several of the collection receptacles in place, at the request of members of the community, and encourage you to use them when you have any Campbell's labels. It's never too early to begin saving for next year's drive.

opened April 3rd. Master Model Maker Sam Gamburd will be conducting glider-making workshops every Saturday during the month. There will be two 45 minute-long workshops on each Saturday at 11:00 a.m. and 11:45 a.m. Pre-registration is encouraged; however, if space is available on the day, visitors may join the workshop on that day. A small fee of $1.50 is requested in addition to the admission to the Museum, for costs of the materials and instruction. This fee may be sent in advance or paid on the day.

The Saturday workshops, for children 4 and over, will introduce hand launched gliders and the launching of gliders from kite strings. Children will assemble and decorate their own balsa-wood glider and launch it on the Museum's field. The workshops will demonstrate the science of aerodynamics and artistic glider design.

On display will be classic rubber powered peanut scale models, multi-scale gliders and futuristic space ship models constructed by Sam Gamburd.

Mr. Gamburd is a dedicated artistic hobbyist with a degree in fine arts from the Detroit Society of Arts and Crafts, now called the Center for Creative Studies. In 1982 he patented a Space Dart which he successfully marketed in a number of Science Museum gift shops around the country, including the Boston Museum of Science and The Rochester, New York Straussenberg Planetarium.

MASONRY CONTRACTOR

Desroches, experienced in orienteering, will teach you how to interpret the lay of the land by reading topographic maps. You will also take and walk bearings and learn the skills of triangulation and pace counting. If these terms are totally unfamiliar to you and you don't have any idea how to read a topographic map or a compass, this walk is for you.

Join the Lloyd Center on Sunday, April 15th, from 1:30 to 3:30 p.m. in Gidley Woods to learn these essential skills. Preregister by calling or writing the Lloyd Center at 430 Potomska Road, South Dartmouth, MA. 02748; 990-0505. The fee for the walk is $3.00 for members, $5.00 for non-members and $1.00 for children under 12 years of age. Upcoming walks include Spring Wildflowers on April 29th and Early Shore Birds of Allens Pond on May 6th.

Weekly walks are made possible in part by Bristol County Development Council, Inc.

What to Expect After Your Heart Attack or Heart Surgery; Your Risks for Heart Disease; Medications; Stress Management and Relaxation; Cholesterol; and Exercise.

"Heart patients, as well as their families and friends, need to be able to understand what has happened after the crisis is over," explains Ann Marklin, R.N., Cardiac Rehab Nurse at Tobey. "Sharing experiences and information is often a helpful part of the recovery process."

The next six-week session for "Cardiac Connections" begins on Wednesday, April 18th, and runs through May 23rd. The group meets in the Cardiac Rehab Department from 6:30 to 8:30 p.m. on Wednesday evenings. To register for the cardiac support group, contact the Rehabilitation Department at 295-0880, ext. 361 or 368. A nominal fee is charged for materials.

India Classical Dance

The classical dance of India, derived from the ancient Natyashastra or encyclopedia of dance, will be performed by Anjali Singh at 7:30 p.m. April 10th in the main auditorium of Southeastern Massachusetts University.

Admission to the performance, sponsored by the SMU Cultural Affairs Committee, is $3. for the general public, $2. for senior citizens, SMU faculty and staff, and free for SMU students and children under 14. Tickets are on sale at the University Box Office, 999-8598.

on "50 Ways to Fool Your Mother" to those about the strange creatures in the bathroom. All are humorous and convey messages that appeal to children of all ages.

To obtain general admission tickets mail to Pat Howard at the Whaling Museum, 18 Johnny Cake Hill, New Bedford, MA. 02740, a check for $3.00 per person (children and adults are the same $3.00 price), specifying the desired hour of the performance and enclosing a self-addressed stamped envelope. Tickets will be sent by return mail.

No telephone orders will be accepted. There are no bad weather dates, and tickets will be issued on a first-come, first-served basis.

Recital, Unitarian Church

Soprano Tony Grisanzio and pianist Christopher Brown will perform in a program of music by Verdi, Schubert, Puccini, Liszt and others on Sunday, April 8th, at 3:00 p.m. at The First Unitarian Church, corner of Union and Eighth Streets, New Bedford. Suggested donation is $5.; seniors and students, $2.50.

Ms. Grisanzio, who lives in Lakeville, studied with M. Cataldi-Tassoni of the Rome Opera, Clarice Carson and Frank Corsaro.

She has performed extensively in New York City in solo recitals and in opera productions.

Christopher Brown, accompanist, has a dual career as a performer and as a piano technician. His studies were at Interlochen Arts Academy, Oberlin Conservatory and Beloit College. He is a frequent performer in Cambridge and Boston. Locally, Mr. Brown played the dedicatory recital for a renewed Steinway piano at Grace Episcopal Church in 1985.

From Old Colony

TEACHERS AWARDED GRANT

Two Old Colony Regional Vocational-Technical High School instructors and a guidance counselor are participating in a Horace Mann Project grant to develop a method of tracking Old Colony graduates. The project will result in the development of a data base of placement and educational statistics. Richard Mitchell, who heads up the Co-op student program, is working with Bruce Ashworth of the Metal Fabrication Department and Norman Reid from Data Processing.

Although the data files contain more than 1400 alumni names dating back to 1977, the group is concentrating on graduates from the 1986 through 1989 classes. By mailing our questionnaires, interviewing alumni members, and obtaining data by phone,

it is hoped that employment status, college degrees and trade licenses can be recorded for placement reports mandated by the state. The computer software will be used in future years to maintain a booklet of statistics, for use in modificaitons to curriculum.

The Horace Mann Project is being funded without cost to the school district and will include the assistance of the students currently studying data processing at Old Colony. The data processing program is a four year course of study which includes programming and application software instruction on IBM, Digital, and Epson computer hardware. High school aged residents of Acushnet, Carver, Mattapoisett and Rochester are eligible to attend Old Colony free of charge. In addition, students from Freetown and Lakeville are accepted on a space available basis.

For further information about the project or the data processing program at Old Colony call Norman Reid at 763-8011, extension 23.

Regional Vocational-Technical High School has issued its third in a series of Senior Newsletters. The Newsletters are designed to keep seniors and their parents informed of important dates, events, and policies which will be in effect during the school year. In addition, the Newsletter is used to make parents aware of the various services available through the Guidance Department.

The third Newsletter was mailed to parents recently. Any parent who did not receive a copy is urged to contact Richard Mitchell in Old Colony's guidance department at 763-8011, ext. 29.

STUDENT EXCHANGE

Recently several Old Colony Regional Vocational-Technical High School students traveled to Southeastern RVT High School in Easton for a day-long student exchange. The 11 students, all enrolled in non-traditional shops at Old Colony, were returning a 1989 visit by Southeastern Regional.

Following tours of many of Southeastern's 23 shop areas, focusing on the area's of interest indicated by the visiting group, the students viewed a slide presentation used by the school in public relations programs.

Students were encouraged to discuss areas of mutual concern with time spent on their choice in entering non-traditional fields (jobs usually identified as male or

female work but now being challenged by members of the opposite sex).

A continental breakfast and pizza lunch were provided all participants, with the menu prepared by culinary arts students at Southeastern.

Students attending from Old Colony were Carver residents Allan Harris, Lori Perkins, Acushnet residents Derek Ferro, Wendy Medeiros, Kerrie Neagus and Sheryl Wagner, Mattapoisett residents John Matos and Jennifer Scott, Rochester residents Liz Ashley, Cheryl Benner and Denage Chubbuck.

The non-traditional programs at the two schools will continue to work closely in offering programs and opportunities.

SHADOW PROGRAM

The Shadow Program, a day-long visit to Old Colony Regional Vocational-Technical High School by eighth grade students interested in entering in the fall, is underway with over 25 youngsters already scheduled for their visits. Running during March and April, students from local middle and junior high schools in the four-town region spend a full school day "shadowing" an Old Colony student in the shop of their choice.

Arriving by school bus, the visitor experiences a typical day, attending shop classes, participating in special events and

eating lunch with other students in the school cafetorium.

To date, students have participated in offset printing, welding, data processing, electrical, electronics, cosmetology, machine and tool technology, and culinary arts.

All students attending area middle schools are encouraged to "shadow" for a day and explore the options of a vocational technical education. Arrangements to visit Old Colony must be made through the student's guidance department. For further information call Irene Duprey-Gutierrez at 763-8011.

FREE BOOKMARKS AVAILABLE

The students in the offset printing department at Old Colony Regional Vocational-Technical High School recently produced bookmarks for the residents of the school district. The laminated bookmarks are printed in Old Colony's school colors, maroon and gold. Five different versions were printed each containing a slogan describing the advantages of a vocational-technical education.

According to Old Colony printing instructors, there were two main reasons for the project. "First, we wanted to promote vocational technical education in observance of vocational week. Secondly, we hope to promote learning through reading", stated Steven Urbanek, a printing

eye talk

Q. My niece has an eye coordination problem. What is that?

A. Our two eyes must work together so that we can see one picture, not two. When they don't, we have poor eye coordination.

Some people with this condition see double, although the brain usually solves double vision by turning off the picture from one eye.

Often signs of eye coordination problems include headaches; dizziness; fatigue; irritability; and reading difficulty.

These can also be signs of other problems, however. A thorough eye examination is the only way to know for sure if an eye coordination problem exists.

Your optometrist can improve and often permanently correct poor eye coordination with vision therapy, a program of specially prescribed visual tasks repeated under controlled conditions. Sometimes glasses or contact lenses may also be prescribed.

MASC CONVENTION

The MASC State Convention was held March 14-16 at the Tara Hyannis in Hyannis, MA. Student Council members from throughout the state were together to share their different ideas. The theme for the convention was "Share the Energy".

Old Colony was represented at the convention by the advisor, Casimiro Santos, and the following student council members: Greg L'Abbe, Keith Jodoin, Jason Casmira, Lorrie Medeiros, and Jamis Gamache, all from Acushnet; Dee Weston, Sue Kallio, Beverly Connor, Paul Strobis from Carver; Tara Medeiros of Rochester, and Dennis Tripp of Mattapoisett.

The students had the opportunity to listen to Mark Scharenbroich, recognized as one of the top motivational speakers by young people throughout the country; also, Phil Guglinzza, who worked with students for more than 20 years. "Mr. Phil" has become nationally known for his unique style of self-motivation and leadership development. Joe Hurly has made numerous presentations before student groups and has conducted workshops on local, regional and state level. Elena Zongrone, an Associate with the New York State Education Department, provided leadership training workshops for high school students and advisors. Evening with Judy Collins

Judy Collins, whose flute-like voice has reaped six gold albums over her long and successful career, comes to New Bedford's historic center for the performing arts, the Zeiterion Theatre, Friday, April 13th, at 8 p.m. The concert is sponsored by AT&T, a long-time Zeiterion corporate sponsor.

Not many singers can perform from a repertoire as varied and as large as Ms Collins'. She has been gathering acclaim as a songwriter and interpreter for more than 25 years. Her music has continued to evolve from folk to pop and today encompasses Broadway show tunes to Beatles hits.

It's been said that Ms. Collins has "a jeweler's eye" for songs -- able to pick out songs best suited for her voice and interpretation including some of her best-known hits like "Both Sides Now", "Someday Soon", "My Father", "Send in the Clowns" and "Amazing Grace". Her numerous albums have included "A Maid of Constant sorrow", "Wildflowers", "Whales & Nightingales" and "Bread and Roses".

In 1987 Ms. Collins' autobiography Trust Your Heart was published and immediately won praise for its honesty. In it she detailed her intensely private life, which has

included some real highs and lows. She survived bouts with polio at age 10; she was hospitalized with tuberculosis at 21; and she secretly suffered from hemangioma, a vocal cord problem that threatened to end her singing career in her mid-30s.

Born in 1939 in Seattle, Washington, Ms. Collins was something of a child prodigy, reading piano music before print. Her father, a blind songwriter who played piano on his own radio and television shows, was one of her greatest inspirations. After being trained as a classical pianist, she gave up piano for the guitar in her mid-teens and established herself as a folksinger in Colorado and then in New York. Her first album "A Maid of Constant Sorrow" came out in 1961.

But the musical training she received as a child helped her to make the transition from folk to popular singer, and by her 7th album, "Wildflowers", she had rejected the guitar in favor of a full orchestra. Today, Ms. Collins appears with a growing list of symphonies and pop orchestras, as well as in intimate concert settings where she accompanies herself on the piano.

Tickets for An Evening with Judy Collins are $19., $21. and $23; senior/student $2. discount. Group rates are available. Tickets are available at the Zeiterion box office at 994-2900. Single tickets are available

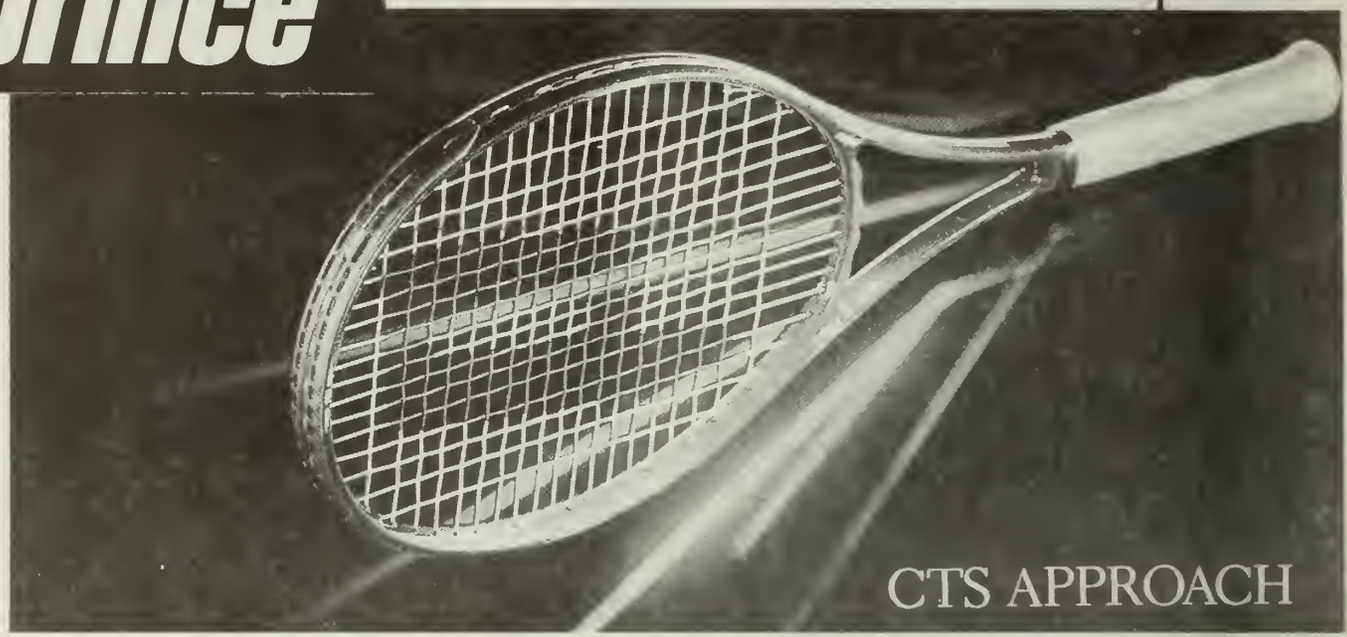
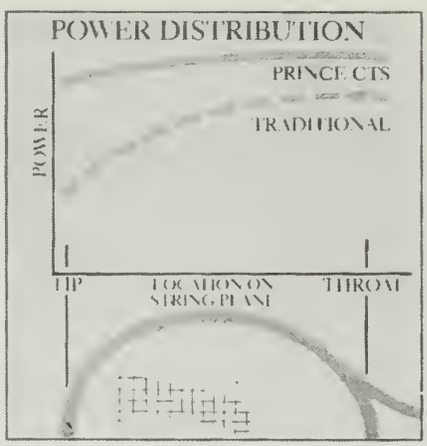
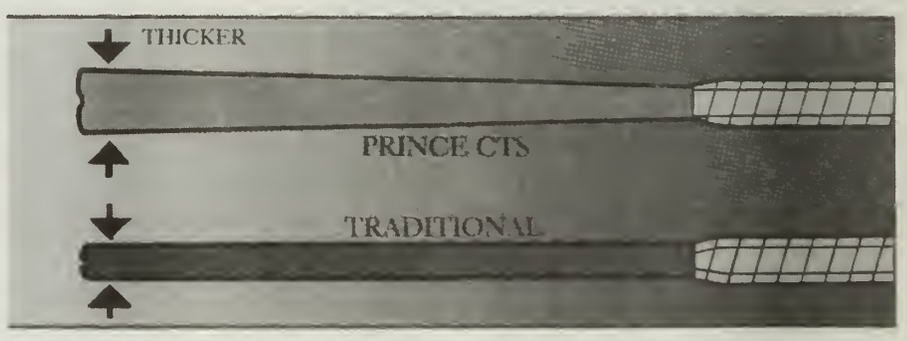
1990 Performance Racquets





A breakthrough in power tennis technology, the Prince CTS Approach offers incredible racquet power without the shock. Game winning power and comfortable control!

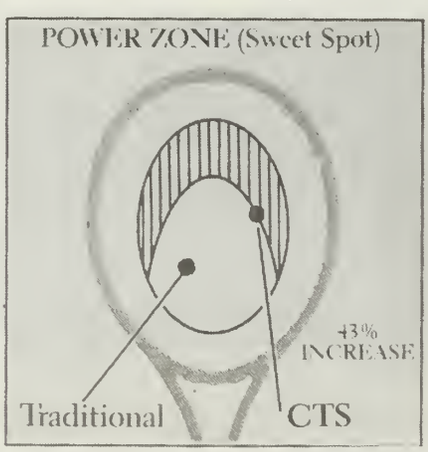


Constant Taper System

For serious players, the better the racquet, the better their performance. To achieve this performance, Prince invented the exciting Constant Taper System, giving players more power, more consistency, unparalleled control and comfort ... all at the same time!

Consistency

The key element of the Constant Taper System is a higher cross section at the tip that tapers at a constant rate to the grip. The higher cross section stiffens the tip area, where traditional racquets flex most. Greater overall power!



Greater Power

The precision engineering also improves the racquet's overall firmness and maximizes the already large sweet spot into a "power zone". Shots on the edge of the stringbed perform the same as those in the middle.
